

MEREDITH COLLEGE | CLASS OF 1971

June 14, 2021

Dear '71 Classmates,

Your 50th Reunion Book is almost ready for the printer. The heart and soul of this book are the 92 bios sent in by our classmates. Remarkable life stories! But there is more, so we decided to answer the question: How can this reunion book be described? Well, it is many things:

- A lovely, hardback book with a unique binding
- A book thoughtfully designed to reflect our Meredith experience and our classmates' journeys
- A page for each classmate's submittal about her life over the last fifty years, in her own voice
- A look at our class history from our freshman Move-In Day to our Graduation
- A review of the awesome class legacy of 1971, which, of course, features the history of our Lillian Parker Wallace Endowment and Lectures
- A Scrapbook Shared, with photos from yesterday that will evoke fond memories
- A glance at the history of the Meredith College we cherish and a look at the Meredith of today

A few things we need for you to be aware of, please. First, we will only print the number of books ordered and paid for and to keep expenses down, there will be only one printing. **Second, if you want a reunion book, you must order and pay for the book by July 16.**

Olivia Harris Fleming has agreed to handle the orders for our reunion book. You will be able to pay by check or by using Venmo. Explanations are in the attached order form.

We do hope that you will want a 1971 Reunion Book for your very own!
